GOULD SITUATION DISCUSSED AT CHAMBER MEETING

The Greater Bethel Chamber of Commerce held its April meeting Tuesday night at the Bethel Methodist Church. The dinner was well attended by 64 members who were joined by 20 more after dinner to hear the speaker.

A short business meeting was held after dinner and it was reported that despite the adverse weather conditions the Chamber's carnival losses would be about 100 dollars.

William Throup then addressed the Chamber about the reasons for the proposed Gould change and the prospects for the future.

The Chamber wishes to express its gratitude to the ladies of the Methodist Church for a fine supper that was expanded at the last minute to feed the large group—the largest in the Chamber's history.

The MEC will meet at the home of Elsie Poore on Monday, April 12, for a 6:30 supper, followed by a game party.

The Evening Circle of the WSCS will meet tonight, Thursday, April 8, at the home of Mrs. Seymour Butters. Betty Perkins has charge of the program.

On Sunday, April 4, Father Nelson, announced to his congregation the Holy Week and Easter Services for The Chapel of Christ the King. At 9:15 on Palm Sunday, April 11, there will be the Blessing and Distribution of the Palms, followed by the Holy Eucharist.

On Maundy Thursday there will be a celebration of the Holy Eucharist, with communions, at 5 p. m. On Good Friday evening, the congregation is asked to join with the other Bethel parishes for a Good Friday Union Service at the Congregational Church. The Easter Eucharist will be held at the Chapel at 9:15 a. m. All of the above services of worship are open to all who wish to attend.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

More people have turned in declarations of real and personal property than either of the past two years. It seems that more people are willing to take the four or five minutes that are required to complete the form. The actual assessing work will not start for another week so anyone who has not filed a declaration may still do so. The declarations are very helpful to the assessors and I urge everyone who has not turned a declaration in to do so within the next week.

The highway crew is in the full swing of the spring clean-up. Most of the streets have been swept once and when it dries out some more the remainder will be swept. Last year the Main Street was not swept until the 23rd of April so we have at least a two week advantage over last year. The sewer on Paradise Street has been both cleaning and just as soon as the frost is out of the ground the sewer work and surface drain work can be started. At present the plans call for installation of six manholes on lower Paradise Streets and Broad Streets.

I believe the Chamber of Commerce has under consideration a clean-up week for the town. Most places the residents get the discarded materials to the edge of the street and it is carried to the dump by the sponsoring organizations or its agents. These programs work very well in many communities and I hope that one will be successful here also.

This is the time of year when many complaints are received from both residents and dog owners about garbage being spilled and scattered around. The residents complain that the dogs are not kept at home and the dog owners complain that the garbage is not properly packed in containers with lids. It seems that a little more effort on the part of each group might help in some instances. Of course in some cases, the remedy is not as simple as co-operation.

ADDED CANCER CRUSADE COMMITTEES NAMED

Mrs. Addison C. Saunders, Bethel area chairman for the Maine Cancer Crusade, has announced the following additional committees: Mrs. Thomas Fadden and Mrs. Richard Waldron, Co-chairmen of Special Events; and Mrs. James Fiske, Clubs and Organizations Chairman. Anyone in the community interested in sponsoring a game party, coffee, or other benefit for this worthy cause is requested to contact Mrs. Fadden or Mrs. Waldron.

Mrs. Kenneth Ramage has sent out lists of free-loan films, available on request from the Maine Cancer Society, to local organizations and schools. It is hopefully anticipated that the Bethel area will make use of some of the many films which have been prepared with great care by the American Cancer Society, to aid in bringing facts about cancer and its control to all age groups in the community. Any organization not contacted, who is interested in obtaining films to bring these life-saving facts to members of their organization, is asked to contact Mrs. Ramage.

Cancer Crusaders, as announced last week, will be calling on neighbors during the month of April with important literature and helpful facts about Cancer. Welcome her when she calls, and donate what you can afford, to help fight this dreaded enemy of all.

JR. HIGH SCHOOL IMPORTANT PART OF CHILD'S EDUCATION

The junior high school is an exciting and vitally important portion of the child's education, Maine's State Commissioner of Education William T. Logan, Jr., told some 60 junior high principals, Friday noon, at the opening session of their second annual spring conference at Farmington State Teachers College. Commissioner Logan spoke at a luncheon served at Farmington Hall.

Dr. Erno H. Scott, president of the college, extended a welcome to the group during the members stay on the campus. Noting that in his opinion, Dr. James B. Conant "hit the nail on the head when Maine was concerned" when he said the organization of the system was less important than the program provided for adolescent youth, Commissioner Logan said any of the three arrangements of grades, 6-3-3, 6-6 or 8-4 works well when the program is adjusted to the needs of youth.

Commissioner Logan continued his discussion of junior high school programs by saying "I cannot stress too strongly that grades seven and eight are transitional years. They are not upper elementary grades nor watered-down high school years. They are, in fact, very special years in the lives of children between 11 and 14 years of age."

"These are the years," he

When the curriculum is changed from the child-centered elementary program towards the subject-centered secondary program. It comes at a time when children face the problems of transportation from little boys and girls to young men and ladies. ALL INTEREST INCOME MUST BE REPORTED ON TAX RETURN
All interest income credited to your account or received by you during 1964 must be reported on your Federal income tax return, John E. O'Donnell, Acting District Director of Internal Revenue, reminded taxpayers.
Mr. O'Donnell stated that there is a misconception that interest does not have to be reported on personal income tax return when the amount received from a given payer is less than \$10.00. This is erroneous! All bank account interest income must be reported regardless of the amount.
"Remember! Although the bank or financial institution paying you the interest was not required to send you an information report on Form 1099 because the total was less than \$10.00, all interest received or credited to your account must nevertheless be reported on your Federal income tax return," Mr. O'Donnell stated in his announcement.
ed by the MESC which has been designated by Gov. John H. Reel as the screening agency for Maine Job Corps applicants. Final selections and assignment of all enrollees in the nationwide voluntary program is done at the Selection Center.
Youth, ages 16 through 21, out of school and unable to find a job are eligible to register for the Job Corps. Those interested in Maine are encouraged to do so at any of the 14 State Employment Offices of the MESC.
The Job Corps program does not guarantee every enrollee a job, but the training and experience it offers is intended to greatly improve their chances of finding gainful employment.

20 SECONDS WITH THE NAZARENE
When the two single beams were lifted from the Lord's bleeding shoulders and laid on those of the sturdy Cyrenian, Simon became what none ever had been, or ever would be, in all the history of the Lord's Passion—he became for a brief space the substitute of Jesus! Was it the merest accident that Simon was taken into the heart of the tragedy? The guard looked around and saw Simon....and before Simon knew what had happened he had been dragged out from among the people and the cross was on his shoulders, and he was walking beside Jesus to Calvary.
Taken from the throng to carry another's cross —via Doloresa WITH JESUS!—John Watson, D.D.

LETTER TO THE EDITOR
March 23, 1965
Bethel Citizen, Editor
Congratulations to Sally Brown Bradley '52 for coming forward with her sentiments in regard to closing the doors of Gould. They are my sentiments exactly and presume they are the sentiments of many more. No one seems to have the courage to stand up and fight for what is right, myself included, or is it for lack of knowing how or where to start fighting for Gould. Why should Gould be closed, other Academics continue to operate.
If the present group in charge have lost interest in keeping Gould as it is, there must be any number of others who would love the opportunity to keep the doors open.
To go back into the history of Bethel. A group of women worked and paid for the former Congregational Maine and maintained it for years. They were willing to work and work hard for it.
In no disrespect toward the present trustees but to their lack of interest in Gould, may be a group of women as trustees would be quite capable of running Gould.
Shouldn't we have at least a small respect for the founder, the late Rev. Gould's will and wishes. All he wanted was a school for the children of Bethel and surrounding towns. It

Dear friends,
Frequently we have occasion to request assistance in the funeral service. Cars are needed, musicians are requested, clergymen are called upon, pallbearers are asked to serve.
If you could see, as we so often do, the generosity and willingness of people to respond in time of need, we know your faith in humanity would be strengthened.
Respectfully,
S. John Tupper

Chevrolet. It's a bigger, more beautiful car this year. Which is why that handsome silhouette could be mistaken for cars costing a thousand—even two thousand—dollars more.

Chevelle. This one's got lively looks, spirited power, a softer ride—and remarkable room atop a highly maneuverable wheelbase. No wonder it's today's favorite mid-size car.

Chevy II. No car so trim has a right to be so thrifty. But thrifty it is, with money-savers like brakes that adjust themselves and a long-lived exhaust system.

Corvair. Ask any '65 Corvair owner how it feels to drive a car with such easy steering, tenacious traction and responsive engine power. And be ready to do lots of listening.
